

Every achievement begins with a plan to prosper

The eagle is a majestic bird with broad wings, known for its farsightedness, perseverance, and powerful, soaring flight.

In 1956, Mr. M.J. Pratap Singh established a small printing unit called 'Eagle Press' with a single machine as a job-work unit, with farsightedness and perseverance in mind. In the following days, it happened that he wanted to give a unique and memorable gift to a special friend. Drawing from his experience as a teacher, Mr. Pratap Singh recognized the value of recording and planning. He saw an opportunity to design and produce a diary at his new press as a gift. The friend was overwhelmed with joy and highly appreciated the gift. This led Mr. Pratap Singh to affirm the importance of planning and time-management products and their potential in the market. This humble beginning laid the foundation for one of India's oldest and most trusted brands, Eagle Diaries.

Ever since our inception, we have been dedicated to catering to your unique needs and empowering you to plan with purpose and unlock your full potential.
