

Timeless craftsmanship that inspires plans to prosper

The eagle is a majestic bird with broad wings, known for its farsightedness, perseverance, and powerful, soaring flight.

In 1956, Mr. M.J. Pratap Singh established a small printing unit called 'EAGLE PRESS' with a single machine as a job-work unit, with farsightedness and perseverance in mind. In the following days, it happened that he wanted to give a unique and memorable gift to a special friend. Drawing from his experience as a teacher, Mr. Pratap Singh recognized the value of recording and planning. He saw an opportunity to design and produce a diary at his new press as a gift. The friend was overwhelmed with joy and highly appreciated the gift. This led Mr. Pratap Singh to affirm the importance of planning and time-management products and their potential in the market. This humble beginning laid the foundation for one of India's oldest and most trusted brands, 'eagle diaries'.

For over six decades, we have stayed true to our mission — creating practical yet timeless diaries that meet your needs, inspire your goals, and stand as companions on your journey to success. With eagle diaries, you don't just keep records — you gain a trusted companion on your path to prosperity.

Today, dreamers, professionals, and visionaries across India trust eagle diaries to help them plan with purpose and prosper.

For 2026, plan to prosper with eagle diaries.
